### **COURSE OVERVIEW**

The former Graphics Specialist Course began training in March 1978. Since then, the course content has been continually revised to keep pace with the new equipment and trends in commercial art. The latest revision to what is now the Basic Multimedia Illustrators Course (BMIC) was made in December of 1994. The course length is 66 academic days and consists of three functional areas of instruction: Manual Graphics, Computer Graphics Design, and Interactive Multimedia. Approximately 60% of the course involves computer graphics and electronic imaging systems. The other 40% is centered on traditional art training, giving the student a solid foundation in manual applications which pays rich dividends once the computer graphics are utilized. Here in BMIC, students actualize the fundamental principles of graphic and multimedia design with state-of-the-art equipment.

## **Petty Officer First Class Ryan C. Delcore**

### **Instructor, Basic Multimedia Illustrator Course**

Mass Communications Specialist First Class Ryan Delcore was born July 22, 1975, in Dallas, TX where he lived in close proximity until departing the area for a career in the Navy.

Petty Officer Delcore enlisted in the Navy's delayed entry program in July of 1993. He departed for Recruit Training Command, in Great Lakes, IL, July 6, 1994. After completion of Recruit Training, Seaman Recruit Delcore reported for duty onboard the Navy's salvage / tug ship, USS Edenton (ATS-1) in Little Creek Amphibious Base in Norfolk, VA.

In April of 1996, Seaman Apprentice Delcore reported aboard USS Patriot (MCM 7) located in Sasebo, Japan. He continued practicing his specialty of bridge watches, line handling, and boat rehabilitation until cross rating to fireman. Fireman Delcore worked in the Repair Division aboard the USS Patriot conducting maintenance, training, and standing main space machinery room watches.

In August of 1998, Damage Controlman 3rd Class Delcore submitted a portfolio of artwork to be reviewed at a lateral conversion board for the DM rating. He was selected with 6 others for lateral conversion to the graphics field out of 36 personnel who submitted portfolios.

Petty Officer Delcore reported aboard the USS Beale Wood (LHA 3) as an Illustrator Draftsman. While onboard the USS Beale Wood, he worked in the print shop learning various printing techniques and providing graphic support.

Petty Officer Delcore reported to NATO's Supreme Allied Command, Atlantic in March of 1999. He provided graphic support for numerous NATO exercises and events while coordinating efforts with many foreign military representatives from 19 NATO nations and Partnership for Peace nations.

He was stationed aboard the USS Kitty Hawk (CV 63) from April of 2002. Petty Officer Delcore worked in the Photo Lab, providing graphic support while carrying out many other shipboard duties for the Carrier Strike Group.

Petty Officer Delcore is now an Instructor at the Defense Information School. He has a wife and daughter who put up with him.

Petty Officer Delcore has been awarded the Joint Service Achievement and Army Commendation Medals along with various campaign and service ribbons.
